Five Wonderful Words

The 23rd psalm has been a favorite of God's people for thousands of years. It is steeped in the Israelite culture of husbandry. But all through the years it has appealed to people who realize that God is watching over them. Just the first five words alone in the English versions reveal so much, even for us today.

The – This is a definite article in reference to God. He is not one of many gods, He is the God. He is the only God.

Lord – This indicates that God is our savior. He is the only one who can bring us eternal salvation.

Is – This present tense word reveals that God is alive and always with us. He remains all powerful and all loving.

My – This shows that God is a personal God. He wants a relationship with us and deals with each us on a most individual, intimate level.

Shepherd – This reminds us that God is always guiding, feeding, and protecting us. He will never lead us down the wrong path.

And that's just the first five words of the psalm! Give the rest of it a read with these thoughts in mind, and you will gain the most wonderful feelings of joy, satisfaction, and peace within your heart.

Edd Sterchi

"Ask, and it will be given to you; seek, and you will find, knock, and it will be opened to you."

World Christian Broadcasting to be here

Mark your calendars for April 7, 2024, to learn more about World Christian Broadcasting Inc. when Andy Baker, President/CEO of WCBC, will spend the day with us at Coffeyville Church of Christ.

Starting with class time at 9:30 a.m. Baker will share an update on WCB and its official Mission Statement: “World Christian Broadcasting exists so that people in places best served by broadcast media become aware of the Good News of Jesus Christ and want to know more.”

Baker will preach at the morning service and then again at the 6 p.m. service and will also join us for the monthly potluck birthday luncheon.

World Christian Broadcasting’s international shortwave broadcasting communicates the Good News to millions every day. KNLS, located at the top of the world in Anchor Point, Alaska, has been on the air since 1983. A new station, located on the island of Madagascar in the Indian Ocean, began operating on Easter Sunday, March 27, 2016.
